

# Valetis Roof Terminal 160 Pitched Roof Red + Adaptor Ubiflex Signo

Article number: 172075

### Product introduction

The Valetis is a high-performance roof terminal for extracting air from mechanical ventilation systems, domestic hot water heat pump, kitchen hoods, and more. Designed for pitched tile roofs, it offers excellent aeraulic performance to boost ventilation efficiency and ensure network compliance. With flexible Ubiflex flashing and multiple colour options, it's ideal for both new builds and renovations.

- For all pitched roof type finishing
- Low-profile design (140 mm) follows roof shape—no shading, ideal for solar panel roofs
- Environment friendly lead-free flashing
- Low pressure loss; high performance
- Insensitive to rain ingress
