

Air Excellent distribution box DB206H160 6 connections

Article number: 188975

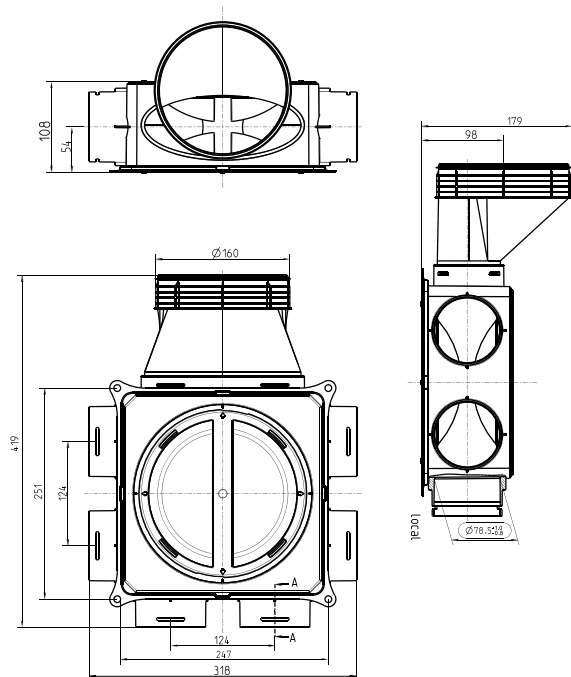

Product introduction

The Air Excellent DB206H160 is designed to radially distribute air from a ventilation unit, minimizing system pressure drop, fan energy use, and sound levels. It is compatible with the 160mm Aerfoam insulated ducts and features 6 Air Excellent AE34C duct connections. With DBOX adaptors, it can connect to any duct diameter within the Air Excellent range. The compact box is ideal for small spaces, it can be installed on ceilings, walls, or floors.

- Includes horizontal adaptor, 6 internal air restrictor rings, and 3 covers for unused connections
- Ideal for optimizing space in small areas
- Made of durable, rust-free, lightweight plastic (PP) for easy handling and installation
- Airtight mechanical connections to minimize pressure loss, fan energy consumption, and sound levels
