

Airtight Seal Set Solar Pitched Roof

Article number: 770208

Product introduction

This universal cable and pipe seal for pitched roofs ensures a secure, air- and watertight connection through the roof. Its versatile design is compatible with all common roof panel types and integrates seamlessly with cable and pipe penetration tiles. The low-profile construction keeps the penetration below the height of the tile batten, allowing maximum flexibility in placement and optimal installation freedom.

- For both PV and air conditioning cables/pipes
- Maximum safety and security
- Universal and brand independent systems
- Easy installation
- Durable

Technical specifications

Technical	
Colour	Black
