Warning

Incorrect installation of the flue system and his components may create a health risk and result in structural damage.

- Check if the flue system components have not been damaged during transport before installing them. Do not use damaged items.
- Follow the instructions in this installation manual to every detail.
- The flue system components will expand and contract during operation and should be supported as specified in this installation manual.
- Do NOT mix flue system components or sealants from different manufacturers.

Waarschuwing

Het niet correct installeren van het rookgasafvoersysteem en componenten kan leiden tot ernstig letsel.

- Controleer voorafgaand aan de installatie alle componenten op mogelijke transport-schade.
- Volg de instructies zoals beschreven in deze instructiehandleiding op.
- Rookgasafvoersystemen zal tijdens gebruik uitzetten en inkrimpen en moeten worden ondersteund overeenkomstig de instructies.
- Meng geen leidingen, hulpstukken of verbindingswijzen van verschillende fabrikanten.

Attention

Une installation incorrecte du système d'évacuation des produits de combustion et de ses composants peut créer un risque pour la santé et entraîner des dommages matériels.

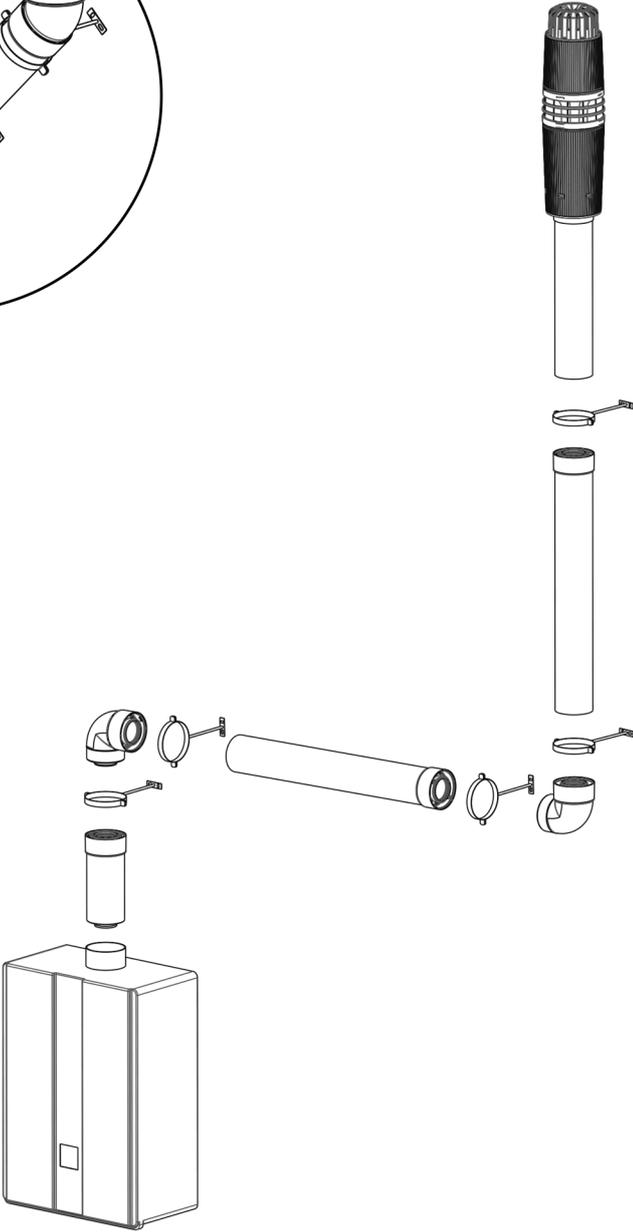

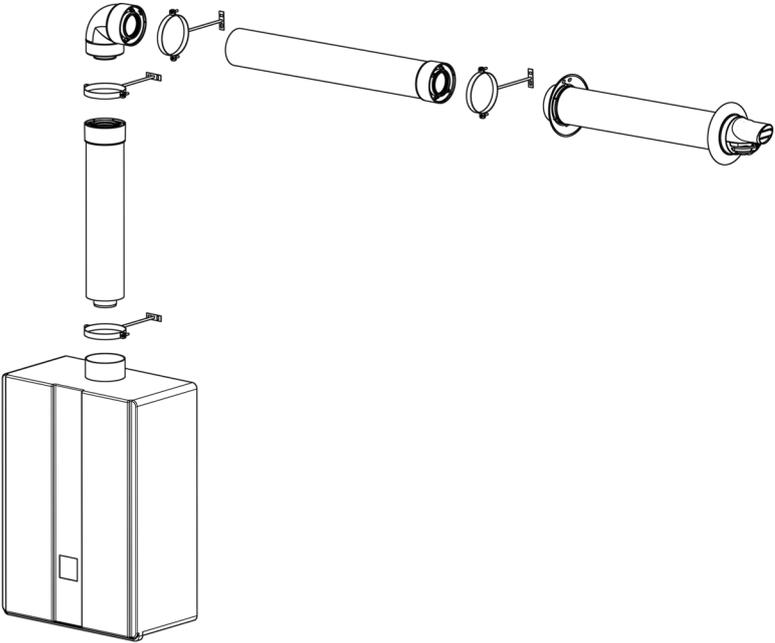

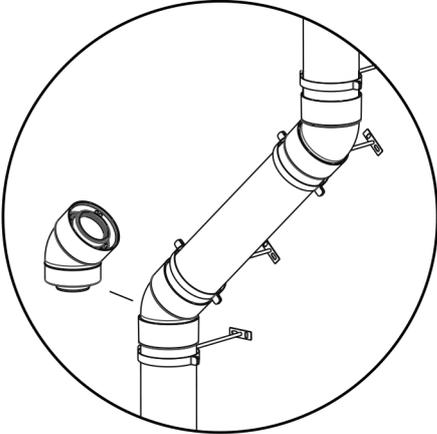

- Vérifiez que les composants du système d'évacuation n'ont pas été endommagés pendant le transport avant de les installer. N'utilisez pas de composants endommagés.
- Suivez les instructions de ce manuel d'installation pour chaque détail.
- Les composants du système d'évacuation des produits de combustion vont se dilater et se contracter pendant le fonctionnement et doivent être pris en compte comme indiqué dans ce manuel d'installation.
- NE PAS mélanger de composants de système d'évacuation ou d'éléments d'étanchéité de différents fabricants.

Wichtige Hinweise

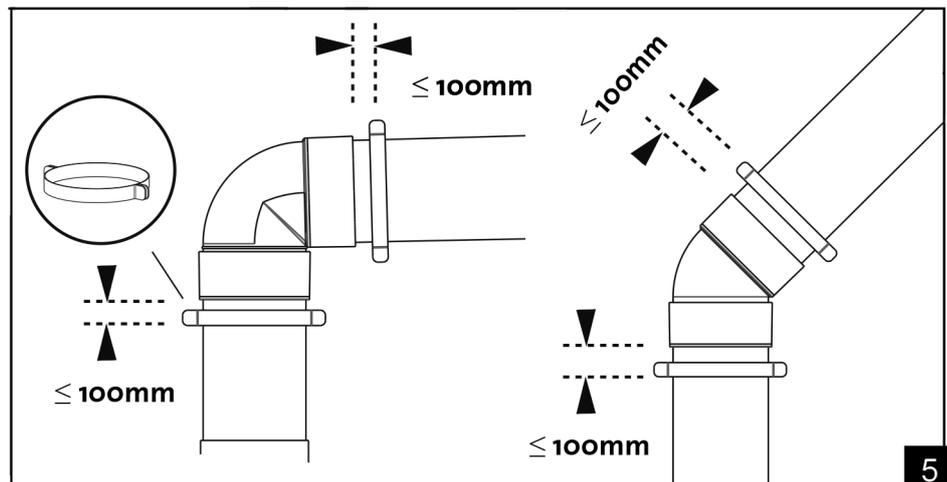

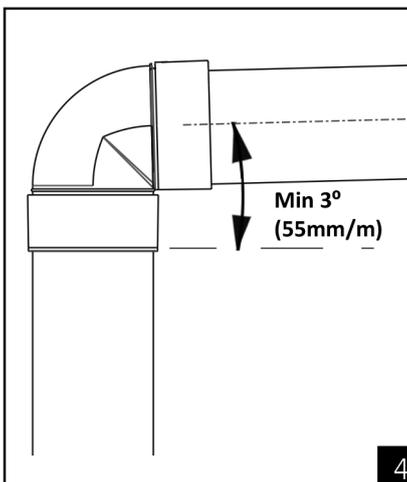

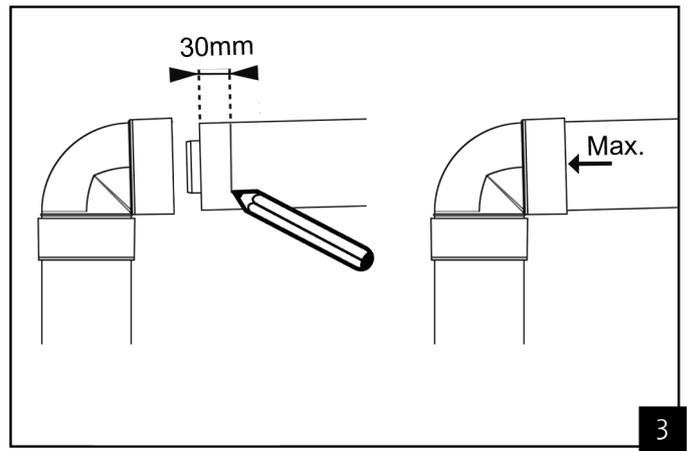

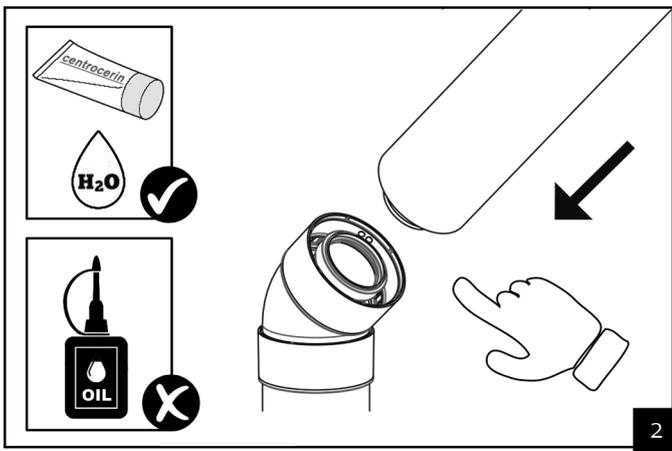

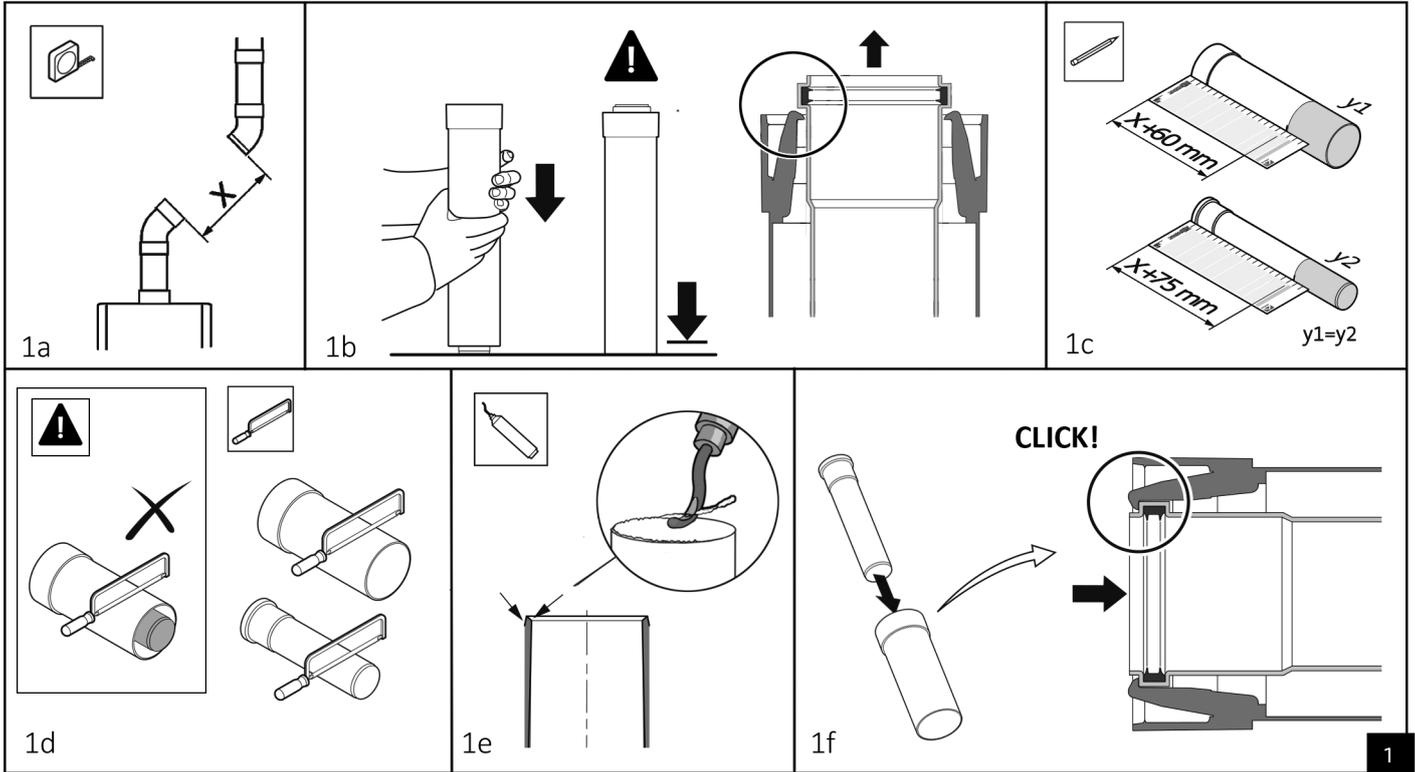

Nicht fachgerechte Montage oder unsachgemäßer Gebrauch kann ein Gesundheitsrisiko darstellen oder zu Schaden an der Anlage führen.

- Bauteile vor Montage auf Beschädigungen prüfen. Beschädigte Bauteile nicht verwenden.
- Montageanleitung detailgetreu beachten.
- Zur Verhinderung von Schäden im Betrieb durch Längendehnung sind Befestigungen gemäß Montageanleitung auszuführen.
- Eine Mischung von Komponenten oder Anlagen verschiedener Hersteller ist nicht erlaubt.
