

Cable and pipe roof vent 120 0° Alu insulated

Article number: 0770221

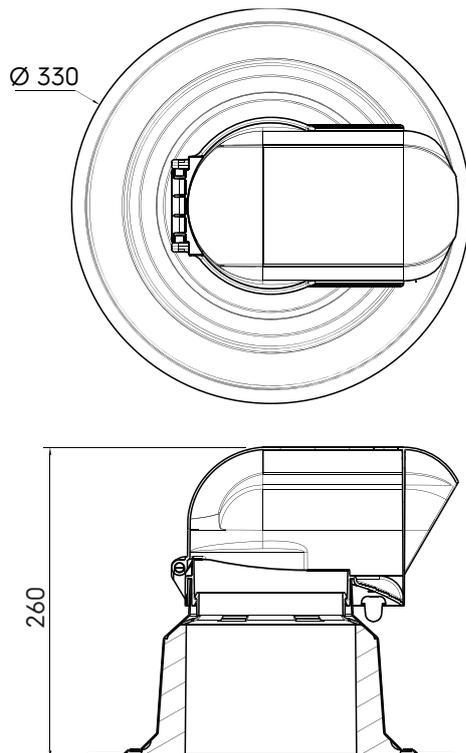

Product introduction

The insulated cable and pipe entry system is designed for seamless installation and optimum protection. With a hinged hood for easy access, it simplifies the installation of heat pump pipes and cable bundles thanks to its large inner diameter. With integrated bird and leaf protection, the system remains protected from external elements. Compatible with universal and brand-independent systems, this input solution is the perfect choice for reliable performance in various set ups.

- Hinged hood for easy installation
- Integrated bird and leaf protection
- Large inside diameter for easy placement of heat pump pipes and cable bundles
- Compatible with universal and brand-independent systems
