

Air Excellent distribution box DB212V125-200HE 12 connections

Article number: 188962

Product introduction

The Air Excellent horizontal DB212 is designed to radially distribute air from a ventilation unit, minimizing system pressure drop, fan energy use, and sound levels. It is compatible with Aerfoam insulated ducts and features 12 Air Excellent AE34C duct connections. With DBOX adaptors, it can connect to any duct diameter within the Air Excellent range. The compact box is ideal for small spaces, it can be installed on ceilings, walls, or floors.

- Includes stepped adaptor, 12 internal air restrictor rings, and 6 covers for unused connections
- Ideal for optimizing space in small areas
- Made of durable, rust-free, lightweight plastic (PP) for easy handling and installation
- Airtight mechanical connections to minimize pressure loss, fan energy consumption, and sound levels
