

# FELT SLEEVE & ADAPTOR FOR UB19

## Introduction

These adaptors allow the on-site conversion of UB19 Tile/Slate vents to service terminals. The felt sleeve click-fits in place into the underside of the UB19.

The stepped adaptor is cut off at the required diameter and then pushed onto the sleeve. The joint between the felt sleeve and adaptor should be sealed with PVC solvent weld.

## Product features and benefits

- Felt sleeve clicks into place
- Accept ducting of 100/110/125/150/160

## Application

- Converts Tile/Slate vents to service terminals

## Material

- Styrosun 3600 UV Resistant high impact polystyrene

## Weight

- 0.4kg per unit

## Colours

- Grey

## Packaging

- 1 per box

## Product code

- 50544180

Diameter	Free vent area	Pressure/ Airflow resistance (pascals)	
		100m <sup>3</sup> /h	200m <sup>3</sup> /h
mm	mm <sup>2</sup>		
100	7,850	2.5	9.9
110	8,850	3.2	12.8
125	12,250	4.5	18.0
150	17,775	5.8	23.0
160	18,750	6.0	24.2
